

Check out these mid-winter must-haves!

Lands' End Pet Squall

Made with a water-resistant Supplex® nylon outer shell for wind, rain and snow protection, the Lands' End Pet Squall is an ideal barrier to the elements and the same fabric used for the people version—even available in the same colors! Fully lined with soft, warm polyester fleece and trimmed with reflective binding and strap. Adjustable hook and loop closures for easy on and off. Machine wash. Order through www.landsend.com.

Muttluks

Finally dog boots that stay on! Muttluks are not just fancy footwear, they provide comfort, protection and durability to keep paws healthy. While these boots are very durable, keep in mind that dog boots are like people boots, they wear out. They'll wear out a lot faster on cement too. Machine washable. Four boots to a package. See www.sitstay.com for details and to order.

"Be Mine" Appliqué Tees for Dogs

Just in time for Valentine's Day: Show your pup he'll always be in your heart with this adorably affectionate tee, complete with gingham appliqué graphic and contrasting rib-knit trim. Look for these in Old

Navy stores or online at www.oldnavy.com.

Long John Thermal PJs

Now your dog can have his own thermal Long Johns! In the best tradition of the one-piece union suit, the Long Johns include a back flap with big buttons. These are made using a toasty thermal knit for cold winter evenings. Your dog will love the comfort and he will look adorable. Available in Red, Pink or Aqua Blue. Available through www.jbpet.com.

Pet Tracker 360®

Are those My Ashes? How do I know? Paws, Whiskers & Wags has the exclusive nationwide ability to offer Pet Tracker 360®.

A lingering question in the minds of many pet owners that have previously chosen cremation for their departed pets and received the ashes back is, "How do I know those are the ashes of my pet?" Actually until Pet Tracker 360® it has been impossible to know. Pet Tracker 360®, which was developed and exclusively owned by

Paws, Whiskers & Wags Your Pet Crematory, solves a major obstacle in pet cremation today. Pet Tracker 360® will guarantee, without question, that the ashes a pet

owner receives are the ashes of their pets. The Pet Tracker 360® tag is impervious to cremation and will remain with your pet through the cremation process, thus identifying the pet to its ashes.

"We go the extra mile to ensure peace of mind to the pet owner."

says Christine Hunsaker, owner of Paws, Whiskers & Wags Pet Crematory. "Not only is each pet cremated alone and given our exclusive Pet Tracker 360®, the cremation process will usually happen the same day and pet owners can be present. All of these make a big difference when your heart is broken. Not to mention, the veterinarians that refer us appreciate the integrity Pet Tracker 360® adds to the cremation process." To find out more about Pet Tracker 360® you may visit their web site at www.PawsWhiskersAndWags.com or call the office 404-370-6000.

Small Animal Heated Pad

Heated pad keeps your small animal warm and cozy in any environment. Pad is safe and thermostatically controlled to maintain a temperature of 102°F so it will never get too hot or burn your pet. Hard plastic, weatherproof construction is ideal for use indoors or outdoors. Easy to clean - simply wipe down with a damp cloth. For ferrets, rabbits, hedgehogs, chinchillas, and guinea pigs. See www.drfsfoster-smith.com. 🐾
